GC offers aid to victims of fire

Rebuilding of the demolished section of Bellefonte Village Shopping Center, scene of a large fire last Wednesday, will begin immediately and the new buildings could be ready for occupancy within 60 to 90 days.

Materials for the new structures, including steel, should be ordered as soon as insurance investigations and necessary paperwork are completed, a spokesman for Wolff Construction Co. in St. Louis told reporters late last week.

THE WEATHER could play a large part in determining the timetable for rebuilding. The buildings were well insured, so financing the rebuilding should not be a severe problem, according to Granite City Mayor Paul Schuler.

The mayor pledged his assistance helping the businesses which were burned out in lining up financing for any losses not covered by insurance.

"It is my understanding that all of the tenants burned out had insurance, but if that doesn't cover the

costs of getting back in business, I want them to know that we can help," Schuler said.

He noted that Community Development Block Grant funds are available for demolishing the fire-damaged structure and preparing it for new construction. Also, six percent loans for up to \$100,000 can be arranged through the state, he said.

STATE REPRESENTATIVE Sam Wolf also has pledged his assistance, if necessary, in obtaining state funding to help Schuler said.

The mayor's ordered a special meeting of the Granite City Council for last Friday evening in the Township Hall so he could brief the aldermen on assistance available to the burned-out businesses.

Earlier Friday, the mayor met with a small group of business leaders to discuss the tragedy and ways in which the city and community can assist. Attending were a representatives of banking, a

Unemployment rate falls in Granite City

The unemployment rate in Granite City declined in November to 10.9 percent, down from October's 12.9 percent, according to Velda Gerstenecker of the Bureau of Employment Security.

Surveys show that 3,175 people were jobless in Granite City last month, compared to 2,600 in October.

Granite City's unemployment rate remained higher than some surrounding cities with comparable populations. The rate in Alton fell in November to 10.1 percent, while the official rates in Belleville and East St. Louis fell to 9.9 percent.

Madison County's overall unemployment dropped to 8.7 percent in November, down sharply from 10.2 percent in October.

Labor force analysis credit "nonmanufacturing work force improvements" with the decline in this region's unemployment.

Babson's forecast...

1985: A good year

Babson's business and financial forecast for 1985 sees a better year ahead than the last half of 1984. (By Babson's Reports Inc., Wellesley Hills, Mass., Dec. 27, 1984.)

A year ago the American economy was running under a full head of steam. After only a mild upturn during the winter months of 1983, the business tempo suddenly quickened dramatically in the spring and remained much stronger than expected through year's end.

The vigor and tenacity of the economic revival was such that one of the major points of concern was that the economy would overheat and pave the way for a new wave of inflation and other devastating problems.

It was against that backdrop that staff of Babson's Reports predicted a period of further economic growth for 1984, albeit one less spectacular than was the case in 1983.

As 1984 unfolded it seemed as though there would be no stopping the onrush of business, with the year's first two quarters continuing to display vigor and stamina on the economic front.

While this development served to exacerbate anxieties over the possibility of an overheated economy, the high rate of manufacturing capacity utilization and brisk consumer and business demand for goods and services thankfully did not translate into renewed inflation and a straining of credit.

RECESSION FEARS EMERGE. When the long awaited cooling down of the pace of the economic recovery/expansion did occur,

however, the letdown was both abrupt and pronounced. Midway in 1984 the rate of business advance suddenly slowed to a crawl.

The marked contrast of an economy catapulting ahead earlier to one which seemed lacking in vitality caused a shift in the focal point of national concern from the possibility of fresh inflationary pressures to the new threat of what might develop into another period of recession.

Throughout the second half of the year now drawing to a close, the Babson staff steadfastly maintained that the slowdown was a necessary correction period—not a prelude to a recession. After all, five of the eight calendar quarters of 1983 and 1984 were marked by superb economic growth, at rates far above the nation's historical long term economic growth achievement, and hence the breathing spell was a natural development.

Nonetheless, it was disconcerting that the widely watched index of leading economic indicators suffered a downturn of sufficient duration to constitute at least one warning signal that an economic recession may be in the offing.

1985—SLOW GROWTH, NO RECESSION.

Six months of listless business have dampened public sentiment considerably. Hence, anxieties that an economic recession may be lurking nearby cannot be summarily dismissed. There are, in addition, some major problems confronting the nation which if not brought to heel could ultimately produce harm.

Petition drive seeks end to phone tax

By GARY SCHNEIDER
Press-Record Editor

The 5 percent utility tax on telephone bills in Granite City is likely to be ended before it becomes a campaign issue, it became apparent this weekend.

Friday, a petition campaign to put the continuation of Granite City's utility tax on telephones on the April 1985 election ballot was launched by Granite City Township Tax Assessor Von Dee Cruse, a candidate for mayor of the city. The petitions seek an advisory referendum on the issue, "Shall the utility tax (Ordinance 3836) continue to be imposed within the corporate limits of the city of Granite City?"

HOWEVER, it appears that the utility tax may be ended by the city

Schuler expects council to end tax before election

council before the April election. Mayor Paul Schuler told the Press-Record Saturday, "Von Dee must have spies in city hall. (Alderman) Phil Miller and I have been talking for two weeks about ending the tax on telephones. It's a progressive tax (increases as telephone bills increase)." The tax was approved by the council Dec. 22, 1981, and has raised approximately \$250,000 a year for the city.

In proposing the advisory referendum, Cruse stated, "At a time when Granite Cityans could least afford it, they have been subjected to unnecessary and escalating taxation. The imposition of this utility tax at a time of recession was both harmful and inconsiderate—harmful to our attempts to generate a better business climate and more employment, and inconsiderate to those who cannot afford the creeping cancer of increasing taxes." Cruse

said.

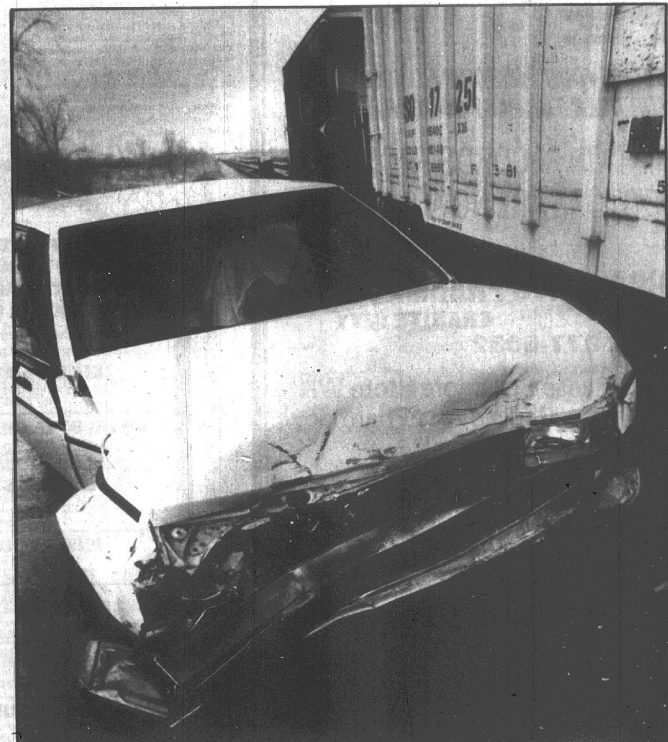

WHEN THE 5 percent utility tax on telephone bills was passed, Cruse noted, the council tied on a 7-7 vote and Mayor Paul Schuler cast the deciding vote. "As expected, this tax was passed on by the phone company to all its telephone customers. Such a tax had never been imposed on Granite Cityans before," he said.

"At a time when most businesses and municipalities were biting the bullet, lightening their purse strings and improving efficiency to get by, our elected officials chose 'business as usual' by raising taxes. The utility tax was the 'last straw' on top of the 8.8 percent real estate tax increase and the passage of a new three-quarter-cent sales tax. It is time we Granite City citizens say 'No' to more taxes," Cruse contended.

"It is time we send a message to an administration which fails to show proper concern for its citizens' pocketbooks," Cruse said.

HE NOTED that approximately 2,500 signatures of registered voters in the city will have to be obtained by Jan. 14 to put the advisory issue on the ballot. "I hope that concerned and interested citizens will support this effort, both by signing the petition," Cruse said.

TRAIN-CAR COLLISION. This car, driven by Linda Naney, 37, of Rural Route Two, Granite City, collided Friday morning with an Alton & Southern Railroad engine on Morrison Road, about a mile east of Route 203. The eastbound car struck the lead engine midway after leaving more than 200 feet of skid marks on the roadway. The train, consisting of three engines, one boxcar and a caboose, was going south at approximately 25 mph when the accident occurred. The woman was taken to St. Elizabeth Medical Center by Campbell Ambulance Service where she was admitted for treatment. She was to be released today.

Icy roads feared as holiday parties end

New Year's Eve partying and freezing highways could combine for a potentially deadly night in this area, law enforcement personnel are warning.

The weather forecast is for rain changing briefly to freezing rain and sleet before becoming snow tonight with a low around 20.

"THE ROADS will probably be slippery and many of the drivers will have been drinking, so we are urging everyone to keep their eyes on the weather and, if they must drive tonight, drive very carefully," a spokesman for the Illinois State Police said this morning.

He said persons who must drive tonight are urged to call the State Police weather phone at 345-1330 for

updated weather conditions.

Extra police units will be on local roads, state highways and interstate highways watching for intoxicated motorists. "New Year's Eve or not, drunk drivers will be arrested," a spokesman warned.

THE ADVICE of local police chiefs is to avoid driving tonight, if possible. Those who must drive are being urged to ride with someone who is not drinking alcohol or to drink in moderation and keep an eye on the weather conditions, so they can get home safely before the streets turn icy.

Persons who discover they have had too much to drink are urged to have a sober friend take them home or to call for a taxi.

lawyer, the Tri-Cities Area Chamber of Commerce, Granite City Steel, the city and the Press-Record.

IDEAS WHICH came out of that meeting included:

— Asking the street department to consider helping clean up the rubble, if needed, when the buildings are torn down.

— Helping the smaller stores and shops find temporary locations during the rebuilding (an effort which already is underway).

— Informing the 80 to 90 persons left unemployed by the fire that immediate assistance is available at the Granite City Township offices, for those who qualify.

— Asking the Bureau of Employment Security to quickly process unemployment benefit claims of those put out of work by the fire.

(Rep. Wolf said later he has already done this and has been promised the claims will be processed quickly and benefits will be based upon each applicant's eligibility, not proof of financial need. All of those put out of work by the fire should apply immediately, Wolf said.)

MAYOR SCHULER summarized, "We want to express the concern of the city and let the owners of these businesses and their employees know what help is available and that the city wants them to rebuild and remain here."

Schuler said he also wants to commend the various fire departments who assisted in putting out the fire. The Wood River, Madison and Long

Lake Fire Departments sent men and equipment to the fire scene while the Mitchell Fire Department responded to other fire houses to provide protection there, if needed.

Asked why the Wood River Fire Department was called in a Venice was not, Schuler explained, that Wood River had an aerial truck that was badly needed at the fire scene. "We didn't need the manpower—we had plenty of manpower—we needed that aerial truck," Schuler said, noting that the city's Telesquirt aerial truck is being repaired after a recent accident.

He said the St. Louis aerial truck many people saw at the fire scene has been loaned to the Granite City Fire Department by St. Louis while the Telesquirt is being repaired, but malfunctioned at the fire scene.

Council commends effort to obtain lottery share

Granite City Alderman Casmer Skubish was commended by the City Council last week for his efforts, though unsuccessful, to obtain additional revenue for the city through lottery sales.

Skubish said earlier this month that the legislative committee of the

A spokesman from Dr. Tipu Sultan's office at 3228 Nameoki Road, in the Bellemore Village Shopping Center said that all patients' charts and records from that office were rescued from the fire that ravaged the medical offices. The records, she said, are charred, but readable, and are being retyped. Dr. Sultan, who is a pediatrician-allergist, will treat his Granite City area patients in his Maryville office at 1050 N. Center. The spokesman noted that Dr. Sultan will maintain the hours he kept in his Granite City office at Maryville.

Swim classes for scout badges set

Beginning Tuesday, Jan. 8, the Tri-City Area YMCA will offer classes for Boy Scouts wishing to earn the Swimming Skill Award, the Swimming Merit Badge and the Lifesaving Merit Badge.

The Swimming Skill Award and Swimming Merit Badge class will meet from 6:30 to 7:15 p.m. Tuesdays for eight weeks, while the Lifesaving Merit Badge class will meet from 7:15 to 8 p.m. Tuesdays for eight weeks.

The cost is \$10 per class, and each class is limited to 20 participants. Reservations are required and advance sign-up is necessary at the YMCA, 2001 Edison Ave.

Repeats of the classes are scheduled for March 5 and April 30. In addition, Scouting units, packs, troops and posts may rent the YMCA pool for private swims by calling Patty Swearingin at 876-7200. The cost is \$40 per hour and the number of persons swimming is limited to 40.

tions and assisting in circulating petitions," he added.

Schuler supported his backing of the telephone tax when it was passed, saying Granite City was facing a very bleak financial picture and increasing taxes was necessary to keep vital city services operating.

However, since that time, the city's financial picture has improved and "we were just getting ready to

do something about that tax (on telephone bills)," Schuler said.

CRUSE SAID Sunday that he will continue the petition drive until such a time as the city council rescinds the telephone tax. "Sure we will. If they don't (rescind it), we want to get it on the ballot. I would like to see them (the council) take it off before Jan. 14."

"It can't be 'business as usual' in

this city any longer. The \$250,000 from that tax is not going to mean a reduction of city services."

Blank petitions are available in the assessor's office in the basement of city hall.

Eagles initiate new members

Eagles Aerie 1126 held an initiation ceremony for Jim Portell, Jim Conway, Charles Brewer, Jim Bowman, Kenneth White, and Rick Colger, candidates for membership in the Eagles Home, located at 2558 Madison Ave.

Members of the interviewing committee, for the group, were chairman Pat McKinney, Lou Tourse and Don Horn, and the initiating (ritual) team included Harold R. Love, Randy H. Odom, Wilbert (Bill) Hemken, Larry W. Barnhart, John A. Aubuchon, Bob Stanton and Harold (Fotis) Portell.

President Harold Love presided at the session and Richard Wilbur, conductor, led the members in reciting the Pledge of Allegiance to the American Flag, followed by the presentation of the Bible and Eagle emblem by Wilbur.

The opening prayer was offered by Larry Barnhart, followed by the roll call of officers, by John A. Aubuchon, which included Harold Love, president, Randy Odom, past junior president, Larry Barnhart, pro-tem Bill Hemken, vice president, Bud Shaffer, pro-tem Larry Barnhart, chaplain, Richard Wilbur, conductor, Mel Havron, pro-tem Fotis Portell, inside guard, John Aubuchon, secretary, John Turner, treasurer, and Greg McCall and Larry Patton, trustees.

Reports were then given by Pat McKinney, chairman of the inter-

viewing committee, John Aubuchon, secretary, and Larry Patton, trustee.

Under communications, Love read a letter from Luther "Bud" Shaffer, president of the Southwest Illinois Chapter of the National Rey's Syndrome Foundation, R.R. 7 Box 164 A, Edwardsville, which stated:

"The Southwest Illinois Chapter of the National Rey's Syndrome Foundation would like to thank you and all of the brother Eagles of Aerie 1126 for your aid and support in the fight against Rey's Syndrome. We want to especially thank Aerie 1126 and the Grand Aerie for the \$2,000 donation to the Southwest Illinois Chapter. I hope and pray that Aerie 1126 will do all that they can do to promote and establish a Rey's Syndrome Research Fund through the Grand Aerie whereby each Aerie in the United States and Canada can contribute funds designated exclusively for research in finding the cause and hopefully a cure or prevention of this dreaded disease of children."

Bob Stanton, president of Illinois F.O.E. District 7, announced that the Granite City Eagles home will be the meeting place on Jan. 30, at 1 p.m., for the district meeting.

The closing ceremony was conducted by Randy Odom, Larry Barnhart and Bill Hemken.

Magazine article features former Venice resident

Mildred Henderson didn't know her son's picture was going to be in "US" magazine until her granddaughter told her she had seen "Uncle Stuart's picture" in the Dec. 31 issue of the magazine.

Mrs. Henderson's son, Stuart Kutz, appeared in the magazine's feature article on a 10-officer task force that patrols the Mexican border between Tijuana and the San Diego suburb of San Ysidro. The group attempts to apprehend Mexican bandits who prey on illegal aliens crossing the border to the U.S. The 31-year-old Kutz of Chula Vista, Calif., is a 1971 graduate of Venice High School. For the past nine years, he has been employed as a supervisory agent for the U.S. Border Patrol. His mother lives at 2105 Amos Ave. in Granite City.

Fitness Fantasia classes start soon

New sessions of aerobic dancing for women (Fitness Fantasia) will begin the week of Jan. 7, 1985, at the Tri-City Area YMCA. This new session will be called "Oldies But Goodies." Lisa Kalka will teach the Monday and Wednesday classes from 7 to 8 p.m. The Tuesday and Thursday evening classes will be taught 7 to 8 p.m. by Becky Holland.

Fitness Fantasia is an enjoyable way to look better and feel better. The aerobic dance classes teach correct exercise movements and how to lose fat and firm up. Exercises are designed for special toning of the arms, hips, waist, thighs and tummy.

Registrations are being taken on a first-come, first-served basis. Class sizes are limited. More information, is available from the YMCA at 876-7200.

INJURY ON JILL AVENUE
David P. McCormick, 16, of 3132 Aubrey Ave. was injured last week when his westbound auto left Jill Avenue 85 feet west of Aubrey. The front of the car damaged a 10-foot area of the side fence at the home of Frank Isbrecht, 3201 Aubrey, and then collided with an Illinois Power Co. post. The driver said he momentarily took his eyes off the road; after the auto jumped curbing, he applied the brakes but the vehicle skidded on gravel.

GC group gives toys to needy children

The Citizens for Granite City distributed toys and gift certificates to children of 17 needy families on Christmas Eve.

Dave Moser, a member of the group, said each child in the families received two toys and two gift certificates. Names of the families were obtained through Project Help and the Salvation Army.

The group also donated 11 \$10 gift certificates to St. Elizabeth Medical Center. The certificates are to be provided to needy patients.

The distribution was made possible by contributions, including monies collected from 17 businesses, three organizations and 48 individuals.

NOW YOU CAN HAVE A RETIREMENT PLAN THAT'S BETTER THAN THE GOVERNMENT'S.

By the time you retire, if you have to depend on Social Security alone, your golden years are not going to be very colorful.

But now you can start your own retirement plan where you bank, even if you're already covered by another retirement plan where you work.

It's called an Individual Retirement Account, or IRA, and it's available to depend on everybody who works.

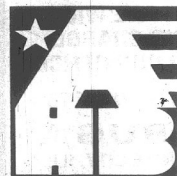

Each year, you can contribute a tax-deductible portion of your income to the plan, and we'll pay you interest.

The best part is that even the interest is not taxable until you retire (when you're likely to be in a much lower tax bracket) or until you withdraw funds from your account.

So come by to see us soon, and get all the details on our IRA.

Because helping you plan for the future is a part of our commitment to excellence in everything we do.

And we think it makes more sense for you to put your hard-earned money in an IRA than give it to the IRS.

FOOTNOTES
by
DR. CLAUDE HILES, D.P.M.
PODIATRIST-FOOT SPECIALIST

WARTS
Most warts on the feet are referred to as plantar warts. They may occur singly or in patches called mosaic. They are as numerous as the stars in the sky and can be found anywhere on the foot, but the bottom of the foot is the most common site. Excruciating pain may be present if the wart is on a weight-bearing area.

Warts are caused by a small virus which invades the skin through a crack or abrasion. The virus then incubates and may take three to six months to appear. It is often at first very small and then gradually enlarges. It may begin to develop more warts around it or remain alone. With the passage of time the wart becomes well established which makes it more difficult to cure. Therefore, early detection and treatment are important. Warts are most common between the ages of ten and twenty-five. They are rarely seen passed the age of forty. Unfortunately, many patients have lesions on the balls of their feet misdiagnosed as warts and have them injudiciously cut out or burned out only to have them return worse than the original lesion.

Treatment of warts has varied from charming them away to surgery. The reason for this is that no single treatment has been one-hundred percent effective and some warts prove to be resistant to therapy. In any case, the patient must be toward destroying the virus in order to make the wart disappear. Fortunately, there are some new techniques which accomplish this simply and painlessly making radical surgery for warts a thing of the past.

Presented as a public service by Claude Hiles, D.P.M., specializing in diseases and surgery of the foot.

Cable TV rates may rise in Pontoon

By RACHEL NEWSOME
For the Press-Record

Southwestern Cable TV, Ltd., is asking the Pontoon Beach Village Board to allow a \$1 increase in the price for basic service to village residents. The board was told in a letter read at Saturday's special meeting.

The letter said the increase is a result of President Ronald Reagan's revised Cable and Telecommunications Act. Village Clerk Mary Warren told the board that the cable firm intends to send a representative to the January meeting to answer questions about the proposed increase.

THE PROPOSED increase was questioned by Trustee Louis Whitsell, who stated, "If we approve the rate increase, I want to see their profits."

Trustee Loren Madison asked, "Do we have the control to stop them? Is this a flat dollar increase on the basic and then 75 cents on each special channel?"

No action was taken on the request, pending further discussion with the cable company's representative.

IN OTHER BUSINESS, the board voted to annex 41 acres of property on Route 162 south of the village. Leo and Fannie Kamaduski of Kamaduski Excavating & Grading, 4336 Route 162, submitted the petition for annexation and states that the property currently has several zoning variations. They pledged to observe all rights, rules and laws of the village.

The board voted unanimously to annex the property and accept the zoning.

A letter was read from C.D. Peters Construction Co. objecting to mud and debris on Georgetown Drive caused by an adjacent construction project. The Peters firm, repeatedly in preparation for oil and chipping work to be done. The board decided to act on the letter.

THE NEXT meeting is scheduled for Tuesday, Jan. 8, at 7 p.m. in Village Hall.

Rites conducted for Rex Lewis Waggoner
Funeral services were conducted at 3 p.m. Wednesday, Dec. 28, in the chapel at Restland Cemetery, Dallas, Texas, for Rex Lewis Waggoner, 39, of Grapevine, Texas, formerly of Granite City, Ill.

Charge aggravated battery to a child
Larry E. McKenzie, 44, of Kirkpatrick Homes, has been charged in a felony informational document with aggravated battery to a child. The charge was issued last week through the Madison County state's attorney's office.

In a court appearance, McKenzie's bond was set at \$5,000 cash, pending a preliminary hearing. A mittimus was issued and he was transferred during the weekend to the Madison County Jail at Edwardsville.

McKenzie was charged in connection with an incident reported at 12:05 a.m. Christmas Day in which a 14-month-old child was brought by her mother to St. Elizabeth Medical Center for treatment.

The mother said she believed that head injuries sustained by the small girl were caused by the child falling and hitting her head on a coffee table.

Medical personnel alerted police to the possibility of child abuse after examining the injuries, however, and McKenzie was subsequently arrested.

The child was transferred to Cardinal Glennon Memorial Hospital for Children in St. Louis, where her condition last week was reported good.

News notes

Illinois public aid recipients will get an average increase of 5 percent in their monthly payments starting New Year's Day.

Residents who will be 65 years old in 1985 are eligible to apply for a \$2,000 homestead assessment exemption; the filing deadline is March 30. Seniors with 1790 exemptions for home owners who occupy their residence are renewed automatically once claimed. Also available at assessor offices are forms to obtain homestead improvement exemptions for such projects as enclosing a porch, adding a room, constructing a garage or installing central air-conditioning.

And there are state-authorized "citizen-builder" exemptions for those becoming 65 who have yearly household income of less than \$12,000.

Rep. Richard Gephardt, who is expected to become the fourth-ranking congressman as chairman of the Democratic caucus, yesterday opposed a proposal to place a broader freeze on Medicare payment levels. He assailed the idea of a federal freeze on reimbursing hospitals for serving elderly and disabled Social Security beneficiaries.

Federal income taxes will decrease effective tomorrow in conjunction with a law ending inflation-related "tax bracket creep." But Social Security taxes will rise to 6.6 percent of the first \$39,600 earned, from 6.2 percent of the first \$37,800.

Oscar A. Ochs, 82, publisher of the Edwardsville Intelligencer daily newspaper in the 1960s, died Thursday evening, Dec. 27, at Eden Village Care Center, Edwardsville. Funeral services were scheduled for 11 a.m. today at Eden United Church of Christ with burial at Valley View Cemetery, Edwardsville.

The 1984 U.S. Senate election was the most expensive campaign in Illinois history. Winner Paul Simon spent \$5.3 million, including \$903,000 from political action committees.

Simon, 49, commented that he "played the game by the rules in place at the time." Simon said he will try to curb or end PAC's and available to the public funding of federal campaigns. Sen. Charles Percy's expenditures are likely to top \$5.5 million, including \$1.2 million from PAC's.

ARREST AT SCENE OF FIRE
B.G. Bryan of 70 Janine Court was ticketed Thursday for allegedly diving across a fire hose on the parking lot of the Bellemeor Village Shopping Center, scene of a major fire the previous day.

Injured when car hits side of train
Linda D. Nancey, 37, of Rural Route Two, Box 1174, was injured at 4:40 a.m. Saturday when her auto struck the side of a locomotive engine which was crossing Morrison Road, near Tank Town, about one mile south of Route 208 and the Granite City Center.

She was taken by Campbell Ambulance Service to St. Elizabeth Medical Center.

Mrs. Nancey's vehicle, heading east on Morrison Road, struck the first of three engines that were pulling only one boxcar and a caboose. The impact was about midway on the locomotive's side.

A spokesman at the Madison County sheriff's office said the train was traveling south on the Alton and Southern Railroad tracks.

Mrs. Nancey was alone in the car. Harold L. Geer of Smithton, Ill., was the train engineer.

Cause of the accident is not known.

Boy, 14, allegedly stabs brother, 15
An East St. Louis woman babysitting two brothers at a Venice residence told police at 11:35 p.m. Friday that one of her charges may have stabbed the other with a pocket knife.

The injured youth, 15, was taken by Campbell Ambulance Service to St. Elizabeth Medical Center for treatment. He sustained a one-inch cut to his right shoulder, reports said.

The woman said the two boys were playing a game when an argument broke out and a 14-year-old boy pulled out a pocket knife and apparently stabbed the older boy in the shoulder.

Declining use threatens future of Wilson Park Ice Rink

By DONNA KIMBRO
of the Press-Record

Declining use of the Wilson Park Ice Rink, combined with declining income from the rink and concession area may cause the Granite City Park Board to conduct a long-range study whether it should remain open in future years. It was indicated at last week's meeting of the board.

In reviewing the overall expenses in operating the park district, Commissioner Jack Hood showed comparison report of eight years of operation of the rink.

WHEN THE facility opened in the 1977-78 fiscal year, he noted, total rink receipts amounted to \$21,545, as compared to the 1984-85 year (through Nov. 30) of \$18,090. Concession receipts for 1977-78 were \$5,061 and this year, \$2,920.

Totals reflect a reduction of \$6,995 from the first year's total receipts of \$28,006 to this year's total of \$21,011. Participation has continued to drop and one of the main sales early in the rink's history was the family season pass. When the ice rink opened, passes sold totaled \$1,440. This

year, only \$134 was raised through family season passes.

HOOD SPECULATED that if patron interest in the ice rink is not increased in forthcoming years, the board must take a long look at the rink and the expense of keeping it open.

John Mink, treasurer for the park district, presented a report at the monthly meeting of the board of commissioners noting the district's bank balance as of Dec. 26 is \$170,324, due to the receipts of tax monies.

The Nov. 30 balance was \$106,154

and, with deposits amounting to \$104,550 (including tax money and replacement tax) the total was \$210,704 before bills were paid.

DISBURSEMENTS for December totaled \$40,380 and, reflected expenses of \$22,825 and net payroll of \$17,554, leaving a final balance for the month of \$170,324.

Additional tax monies are anticipated soon, but the total is not known, it was reported.

A comprehensive mid-year report on the status of maintenance projects, future projects, available funds and an evaluation of equip-

ment was prepared by Adrean Rains and submitted to the board by Nancy Sanders, chairman of the engineering committee.

ALL TOOLS and equipment were rated as to whether they were in good condition or in need of replacement. Recommendations included the replacement of a 1966 dump truck and a 1957 Case tractor.

Board approval was granted to the Granite City Emergency Services and Disaster Agency to use the Lincoln Place Community Center, ice rink and Harold Brown Recreation Center in times of both natural and civil disasters to provide emergency shelter, if needed.

Specialized Services, Inc., was granted permission to utilize the Lincoln Place Center for training of their clients for the Special Olympics.

THE AREA PTA Council was given permission to use the Brown Recreation Center on March 13 and 14 from 1 p.m. to 7 p.m. for its annual blood drive.

Also, permission was given to Commissioner Barry Loman to use the Lincoln Place Center on a future Sunday, at which time the Lincoln Place Athletic Club will donate \$500 to the renovation of the Statue of

Liberty. This donation will be in honor of the area foreign residents who became naturalized citizens and they will be invited to attend the ceremonial. Loman explained, He added that the final date has not been selected.

The board accepted with appreciation a Pitney-Bowes copy machine that is three years old and with an approximate value of \$6,817, donated by Pepsi-Cola Co., and a \$50 contribution from Leo Konzen, Granite City attorney.

BOARD MEMBERS also approved a contract with Star Fireworks Manufacturing Co. for fireworks at the 1985 Fourth of July festival. The cost of \$6,000 remains the same as the 1984 year, it was noted.

David Nolan, director of Parks and Recreation, reported he has met with Howard Bolton in relation to the musical arrangements for the 1985 season. Bolton is to meet with the Musician's Union and has suggested eliminating the Sunday afternoon music in the park and select another early evening performance, since the Sunday attendance was very low this year.

A final report will be submitted to the board in the near future, Nolan said.

Hartigan cracking down on phony police, firefighting magazines

Illinois Attorney General Neil F. Hartigan is cautioning businesses in the state to be alert for sales pitches designed to market advertising in non-existent publications.

Hartigan's consumer alert comes after an 18-month joint investigation by the attorney general and the U.S. Postal Inspection Service that resulted in a 30-count mail fraud conviction of William M. Bileck, doing business as "Illinois Police Journal," "Illinois Police and Law Enforcement Journal" and "Illinois Firefighters Journal."

Evidence compiled during the investigation was used by the U.S. Attorney's Office, Central District of Illinois, to convict Bileck two weeks ago. He is to be sentenced in February and could receive up to 195 years in prison. He also could be fined an amount not to exceed \$38,000 and be ordered to pay restitution to the victimized businesses.

Bileck encourages telephone solicitors to use aliases in sales pitches soliciting businessmen to buy ads in police and firefighting journals that did not exist, it was alleged.

Hartigan pointed out that a 1984 law requires police magazine solicitors to register with the Attorney General's Office and place copies of their contracts representing bona fide law enforcement organizations.

Hartigan's Investigations Division has identified more than 40 police magazines published in Illinois. He suggested the following checklist be used to help identify the legitimate publications, including police, firefighting, labor and veterans magazines where bogus operations frequently are found.

—Be very attentive at the onset of the sales pitch.

—Request the full name and telephone number of the solicitor.

—Record the date and time of the call, as well as the complete name of the magazine or business conducting the soliciting (many bogus operations will use a name substantially similar to a legitimate magazine).

—Request information on dates of prior publications, where copies are distributed and advertising are distributed and

whether the soliciting business is a charitable organization.

—Request a copy of the publication, should you elect to place an ad.

—Telephone your local police or fire department to ascertain their knowledge of the publication prior to authorizing an ad.

—Be suspicious of unsolicited invoices received through the mail (a major function of the solicitor is to update the index cards used to include the current name and telephone number for the business president or treasurer; these cards are frequently circulated to other bogus solicitors).

—If an unsolicited invoice is received through the mail, retain the invoice and envelope. Those documents are valuable in establishing mail fraud violations of federal law.

—Be suspicious of invoices which reflect the name of an individual who is no longer with your firm as the individual who authorized placement of the ad (this is an indication that the solicitor was using outdated index cards).

—Restrict the carte blanche issuance of checks by subordinate personnel for advertising below a specific amount (several hundreds of thousands of dollars are collected statewide from bogus invoices ranging from \$25 to \$45).

Hartigan stated that many of the solicitations for police and firefighters are benevolent and do aid in worthwhile endeavors, such as summer camps for underprivileged children and supplemental death benefits to surviving families of police officers and firefighters killed in the line of duty.

"Phony solicitors must not be permitted to cash in on the respect that society has for law enforcement and firefighting personnel," Hartigan commented. "We will continue to investigate and prosecute these individuals until we drive them out of Illinois."

"If you believe you have been a victim of a phony magazine solicitation, please notify the nearest attorney general's office or the Postal Inspection authorities," Hartigan concluded.

Hospital group honors Vadalabene

The Illinois Hospital Association commended State Senator Sam M. Vadalabene (D-Edwardsville) as an "Outstanding Legislator of the Year" during ceremonies last week at St. Anthony's Hospital in Alton.

"This award is given in appreciation for the hard work and valuable assistance Sen. Vadalabene has given on behalf of the people of Illinois and the hospitals which serve their health care needs," said William Kessler, administrator of St. Anthony's and chairman of the Illinois Hospital Association.

"Vadalabene played a key role in legislative efforts to preserve the

competitive elements of health care financing in Illinois," said James Broadway, vice president of the association, who attended the award ceremony. "Those competitive elements have benefited him on behalf of the hospital community, his constituents and the people of the state of Illinois," he added.

IHA is the state professional association that represents 240 Illinois community hospitals.

Task force to study safety of Ill. industrial plants

Safety procedures and emergency response capabilities at industrial chemical plants in Illinois will be reviewed in detail by a Task Force of public safety, industry and environmental experts named recently by Governor James R. Thompson.

The Chemical Safety Task Force, Thompson said, will examine plans to react to any possible industrial accident similar to the one in Bhopal, India, earlier this month.

"There is no reason to believe that conditions exist at any industrial or chemical facility in Illinois that could lead to such a disaster," the governor said. "But we should carefully investigate federal and state safety and inspection standards that are designed to prevent life-threatening industrial accidents."

"Public and environmental safety is something that cannot be short-changed or taken for granted. This task force will review all facets of industrial safety procedures and will look for ways to improve existing regulations," he said.

Thompson said Illinois Inspector General Jeremy Margolis will be chairman of the 20-member Task Force and that Illinois Environmental Protection Agency (EPA) Director Richard Carlson will serve as vice chairman.

Other Task Force members include officials from the Illinois Departments of Transportation, Agriculture, Commerce and Community Affairs and Labor, as well as the Illinois Commerce Commission, the Fire Marshal's Office, the State Police and the Emergency Services and Disaster Agency.

In addition, the Task Force will work with the U.S. Environmental Protection Agency, the U.S. Department of Transportation, the National Transportation Safety Board and the Occupational Safety and Health Administration.

The governor, who last summer introduced and won approval by the National Governors' Association of a resolution on chemical safety, said that three Illinois EPA inspection teams will begin a three-month

series of chemical safety audits in January at more than 100 industrial facilities around Illinois.

Information gathered during the audits will supplement task force hearings that will be held in Chicago and Springfield. Using testimony from the hearings and audit results, the task force will report its findings to the governor and the General Assembly in April 1985 and will make recommendations for legislative action.

"Illinois government is responding to public concern over the broad issue of chemical safety," the governor said. "For example, \$20 million is being spent to clean up toxic waste sites across the state, an effort that reflects our desire to meet demands for a safety environment. This task force is another part of the process and will help us take preventative steps to keep the environment safe."

Among those serving with Margolis and Carlson is Dr. Steve Hall of Edwardsville, an industrial hygienist at Southern Illinois University at Edwardsville.

BOY CAPTURED NEAR HOME WHILE COMPANION FLEES

A Granite City boy, 14, was apprehended by Donald Gray, 2606 Hall of Edwardsville, an industrial hygienist at Southern Illinois University at Edwardsville.

A companion had climbed onto the roof of the residence. The 14-year-old, booked by police for disorderly conduct and a curfew violation, was released to his father pending a hearing.

Hearing noises and suspecting a burglary, Gray saw an unknown motorcycle, parked on the sidewalk. The juvenile on the roof fled and the companion was arrested after arriving to take the cycle; police later had it towed away.

BURGULAR KICKS DOOR

A burglar kicked in the front door at the apartment of James T. White Jr., 218 Second St., Madison, and stole an AM-FM stereo and cassette player, it was reported at 1:15 a.m. Saturday.

AIDING FOOD GIVEAWAY. Marilyn Lunsford, far right, organizer and promoter of the annual Christmas craft show in the Bellemeor Village Shopping Center arcade, presents a grocery cart full of canned goods and other food last week to Salvation Army Captain Lavern Poling. The items were donated to Salvation Army by the exhibitors at the craft show, some who are pictured with Mrs. Lunsford and Capt. Poling.

Salvation Army to distribute cheese

Officials at the Salvation Army have announced that they will give out surplus government commodities this week.

Commodities will include: processed cheese, cheddar cheese, butter, dry milk, honey, cornmeal and flour. The honey, cornmeal, dry milk and flour are in short supply and persons will be asked to take their choice of one. All products will be given out on a first-come, first-served basis.

To be eligible to receive commodities, persons must be residents of the township where they are getting the cheese, they must be the head of a household or the spouse, have their Social Security number and sign an affidavit that their total household income is within the correct guidelines. Recipients should bring some proof of residency other than a driver's license. An unpaid utility bill or a voter's registration card is adequate.

Income guidelines are as follows: one person, \$519; two persons, \$700; three persons, \$881; four persons, \$1063; five persons, \$1,244; six persons, \$1,425; seven persons, \$1,606; eight persons, \$1,788; and \$181 may be added for each additional member of the household.

The Salvation Army, 3007 E. 23rd St., will begin distribution of commodities to Granite City Township residents at 9 a.m. Wednesday, Jan. 2. A representative for the Salvation Army said commodities will be distributed if there is inclement weather.

New pact for county workers

With another tentative agreement reached between the Madison County government and Local 790 of the American Federation of State, County and Municipal Employees, county office workers have given their approval in a 66-9 vote. It raises pay about five percent annually for two years, and alters health insurance provisions.

The latest pact followed an initial plan that was approved by negotiators but was rejected on Dec. 4 by the employees.

Announcement of the ratification was made by President Ruth Schramek, who said many are not pleased with it but that the settlement is the best that can be obtained at this time. The county, like many other taxing bodies, has been striving to avoid financial deficits.

Her local represents about 250 county employees and negotiates for about 150 others, she said.

Action by the Madison County Board on the proposed contract is slated for the board's Jan. 16 meeting. The fiscal year began Dec. 1.

Mrs. Schramek noted that county employees agreed to a pay freeze a year ago to aid in the budget balancing.

Herbert "Junior" Milton of Granite City, a board member and chairman of the county negotiation committee, said he believes the board will react favorably to the new proposal.

Sheriff employees represented by Operating Engineers Local 520 are in the second year of a two-year agreement. Deputies received a 45-cent hourly pay hike in December as the second year started.

Highway workers in Teamsters Local 525 continue to negotiate with the county on terms of a pact to replace one that expired Nov. 30.

For Freeburg Title

Gibault edges Red Devils in double overtime

By CHARLIE SKAER
of the Press-Record

FREEBURG — Venice High School senior Charles Milton slowly returned up the stairs from a visit to the Gibault dressing room, rowdy with the newly-crowned winners of the Freeburg-Columbia Holiday Tournament.

"I just told them they played a good game," said Milton. "I think we're better than them. I want to play them — soon."

That rematch will likely never take place before Milton graduates. The Gibault Hawks had to wait exactly one year to get revenge for last December's six-point loss to the Red Devils in the tourney's championship game.

SATURDAY'S 63-62 double-overtime victory for the Hawks was a long time in the making for Gibault coach Dennis Rueter.

"It was a battle of nerves," admitted Rueter, whose team upped their record to 9-0 and handed Venice their only loss of the season. "Every possession was a big one all night long."

"I don't think we necessarily were after revenge against Venice. We just wanted to win, no matter who we were playing. We'd never won this tournament before."

In stark contrast, the Red Devils had the statistics in their favor. Venice had won the tournament 11 out of 19 years since the contest began in 1965 — including victories last year and in 1982.

BUT the attempt at a third straight championship fell short when Jesse Hall's last-second shot from the head of the key bounced off the rim at the sound of the buzzer. Hall had taken the ball on an in-bound pass with four seconds on the clock and dribbled the length of the court before putting up the desperation attempt.

"He can shoot from out there," said Venice coach Clinton Harris. "He's done it before. He's done it."

Venice's opponents found that out.

too, during the four-day tourney. Hall, who was one of 12 players named to the all-tournament team along with teammate Ware, led the Red Devils in scoring. His hottest hand came Thursday, when he recorded a game-high 36 points.

"HE AND Milton deserved to be on the all-tournament team," said Harris. "and my other players — Victor Jackson, Darren Wise, Ed Ware, Damon Harris and Vincent Harris."

The Venice coach smiled and would likely have rattled off the names of his remaining players if he hadn't been interrupted. Harris has stressed the importance of teamwork since the season started.

"Venice is a team," Harris said after the Red Devil's 10th consecutive victory, a 63-59 upset over McKinley over Friday night.

"Venice won the game. I don't care who was the leading scorer."

BUT the lack of scoring Saturday cost the Red Devils the championship. Milton led the team with 16, followed by Jackson with 12. Hall, who had averaged 29 points in the three previous games, scored just nine.

The Hawks were especially effective at slowing down the pace of the Venice game.

"Gibault would always set up and run their offense," said Milton. "They played good defense, too."

The Red Devils were forced to play catch-up ball throughout the majority of the game. After Venice claimed an early 11-4 lead, Gibault fought back to a 14-13 lead at the end of the first quarter.

THE HAWKS carried that lead until 58 seconds remaining in the final quarter when Jackson connected on a close shot to put the Red Devils on top, 52-51.

Six-foot three-inch Jeff Pieper, who was named the tourney's most valuable player, then tied the game when he connected on the first shot of a one-and-one. Venice missed two shots and Gibault missed one during

the final seconds to send the game into overtime.

Gibault grabbed a quick 54-52 lead with a bucket from Pieper. The two teams followed with four points each, before Venice's Wise sent the game into double-overtime when he connected on two free throws.

THE HAWKS took another lead, 60-58, off a outside shot by Lance Williamson. When Hall missed his quick outside shot on the return play, Harris replaced him with Ware. Pieper connected on a field goal while Venice followed with two buckets by Milton to knot the game at 62-62 with 16 seconds on the clock.

But with six seconds remaining, Ware fouled Dan Schilling. The Gibault senior sunk the first shot of the one-and-one, his only point of the contest. It was enough to put the Hawks ahead for good.

VENICE grabbed the rebound on Schilling's second shot and quickly called timeout. Out came Ware, in came Hall. But Venice's attempt at a last-second win went off the rim as the game ended and the Gibault fans went wild.

"We missed a couple of one-and-ones," said a disappointed Harris after the contest. "If anything, we needed to make all of the free throws. I told the guys that any time you go up for a foul shot, you have to make it."

Venice finished at 66 percent by sinking 12 of 18 at the free-throw line, while Gibault made nine out of 12 for 75 percent. Incidentally, Saturday night's free-throw percentage for the Red Devils was their best during the four-day tourney.

NEITHER Venice nor Gibault was expected to be in the finals. The marquee outside Freeburg Community High School advertised, "See the No. 1 Tennessee H.S. player here Dec. 26-29."

To toughen the competition in this year's tournament, the organizers decided to go out of Illinois and

recruit Westside, of Memphis, Tenn., and McKinley of St. Louis.

But the No. 1 Tennessee player, Roderick Watson, didn't make it to the finals. Despite setting a tournament record with game-high 40 points, Watson and his top-seeded team were upset Friday night in a 80-73 defeat to Gibault.

ONE GAME earlier, No. 3 ranked Venice knocked off the McKinley Goldbugs in a 63-59 overtime thriller.

"They started off hot, but nobody can be hitting all night," said a jubilant Watson on Friday. "A win tomorrow would put the icing on the cake."

The win never came. The earliest chance for revenge against undefeated Gibault would be in the March state tournament in Champaign, if both teams can beat the odds and advance that far.

The Gibault coach said he was surprised by the Red Devils.

"I DIDN'T think they would beat McKinley," admitted Rueter. "McKinley has some awesome people. But Venice just doesn't quit. They're so persistent."

That was evident even after the game. As the last of the Venice players were exiting the locker room, one of them spoke up.

"We're still No. 1," he shouted. "Tell them Darren Wise said so."

Warriors Finish Fifth

Roxana wins first GC Tourney

By JOE THOMPSON
of the Press-Record

GRANITE CITY — The Roxana High wrestling Shells, more than just a budding, downstate Illinois powerhouse, gave their program's growing tradition for excellence a gigantic boost during the weekend.

The Shells won Granite City's Annual Holiday Wrestling Tournament held last Thursday and Friday at Memorial Gymnasium. In doing so, the Shells topped a field that included 16 squads, including the two top-ranked teams in the St. Louis metropolitan area, based on a recent poll — in Hazelwood Central (1) and Riverview Gardens (2). The Shells ranked fifth in the same poll.

IT WAS the Shells' first victory in this tournament, and their coach of 14 years, Larry Milazzo, breathed a sigh of delight.

"We finally did it," he said softly. In hammering out their triumph with 200 points, nine points greater than runner-up Hazelwood Central, the Shells became the first team other than Granite City or Riverview Gardens to win the last 13 years to win the title.

The Shells not only won, but did so in workmanlike fashion. The Shells did not have one individual champion, becoming the first team to win the tournament with that distinction.

THE SHELLS rolled to triumph with

eight wrestlers placing in the top four of their respective weight classes: two seconds (Eric Roberson, 118 and Chuck Hornum, Heavyweight); two thirds (Jeff Dixon, 138 and Ben Hinkle, 155); and four fourths (Don Nelson 98, Brad Eller 112, Mark Rosecrans 112 and Brad Fay 185).

slipped into the fourth spot with 127 points. Granite City squeaked into fifth place with 122.5 points, a single point greater than sixth-place finisher Carbondale.

Cahokia, on the strength of title winning performances from Bryan Patterson (112), Kevin Byrd (119),

and Charlie Williams (167) climbed to the seventh spot with 121 points.

NEXT WAS Bloomington with 120 points. Dallas Zimmerman (138) and Kristoff (155) won titles to spark Civic Memorial to ninth with 112 points. Triad was 10th with 97 points.

Following were McCluer North 78½, Stephen Decatur 59, Lincoln of East St. Louis and Ritenour both with 57, Vandalia 48½, and Wood River 22.

It was not a good tournament for Granite City. The injury bug that so devastated the Warriors early in the season flared once more during the tournament. Injuries forced three

(Continued on Page 11)

For Milazzo, their effort was breathtaking.

"It's amazing," he said. "The kids amaze me sometimes."

In analyzing his squad at the beginning of the season, Milazzo remembers prophesying, "Well, these are guys you can count on all the time. They're good but, well, there's no one who is a super star wrestler. They fight for everything they get."

YF SHELLS did that. Milazzo remembers two wrestlers who trailed by as much as seven points in their respective matches, yet battled back to pin their opponents.

With 191 points, Hazelwood Central placed a strong second. Riverview Gardens, the tournament's defending champion, was third with 148½ points while Belleville East

first five points of the quarter. Madison tallied 20 points in the stanza, while allowing only six for Griffin. At the half, the Trojans led 22-17. Madison was cruising along in the fourth period, when the Trojan engine began to cough and sputter.

Up 45-35 with 5:34 left in the game, the Trojans went cold. Griffin outscored Madison 10-4 during a four-minute split, and Cyclone Bob Hamilton converted a three-point play, immediately called a timeout, and put a single point at 49-48.

AFTER the teams exchanged turnovers, Madison owned the ball out of bounds with 38 seconds to go. But once again the Trojans, under pressure from the Cyclone press, threw the ball away and opened the door for Griffin. Cyclone center Mike Hartman muscled in a shot from underneath with 14 seconds left, and Madison, trailing by a point, immediately called a timeout. The Trojans hurried the ball up court. Reggie Young was hammered on his drive to the bucket, and went

to the free throw line for two shots with six seconds remaining in the contest. The six-foot junior smoothly sank both charity tosses and Madison hung on to win 51-50.

"WE PLAYED well the second, third and fourth quarters," said Madison coach Rodney Watson. "We seem to have difficulty putting together a whole game. We also have problems taking care of the ball. We're up by nine with five minutes left, and we had to come back to win."

On Friday afternoon, the Trojans could not overcome their slow start. Against powerful Chicago Julian, Madison fell behind 22-10 after the first period and never came closer than 11 points the rest of the way.

Julian coasted to an 81-66 victory over the Trojans and went on to take third place in the 16-team tournament. The Jaguars' only loss, a 76-62 defeat, came against the eventual tournament champion, Decatur

Warriors 1-2 In Affair

Tourney brings 'good tidings'

By JAMES BLASINGAME
of the Press-Record

COLLINSVILLE — Although the Granite City Warriors got only as far as the consolation semifinals in the first Collinsville Holiday Classic basketball tournament (Granite City was 1-2 in tournament play), the post-Christmas competition brought a few good tidings for Granite City fans.

Jeff Gray, the Warriors' 6-foot two-inch zone-buster, was selected to the 10-man All-Tournament Team — quite an accomplishment considering the caliber of squads that made up the 16-team shoot-out (Collinsville, Quincy, Lincoln, Chicago Collins, Decatur-MacArthur, Jacksonville, etc.).

WITH GRAY ripping the nets from the outside, Granite City was in desperate need of some inside scoring punch. They may have found it from 6-foot 5-inch forward Scott Cant.

Cant averaged 12 points a game for the tournament, scoring primarily on 10-12 foot jumpers in the lane and on offensive rebound buckets.

"Scott Cant did a hell of a job offensively for us," said Warrior coach Don Deterding. "If he can continue to do that, it'll really help our tournament, but there is another dimension."

CANT'S PLAY in the paint was valuable to Granite City throughout the tournament, but there is another Warrior that Deterding hopes can be effective in the middle.

Only time will tell whether center Don Stevanus can continue to improve, but the progress he made during the tournament was obvious. The 6-foot 9-inch senior made his presence felt in the second and third games of the tourney, as he blocked shots, scored inside buckets, and grabbed rebounds with authority.

After the Warriors' 67-54 win over Granite City, Deterding said, "I'm real pleased with Stevanus. He went to the floor tonight after two loose

balls. The big kid is really coming. If he can keep improving by regional tournament time, we're gonna be tough."

WITH GRAY'S perimeter shooting and the emergence of Cant and Stevanus as inside threats, the Warriors do indeed have reason to be optimistic about the regional tournament. But that's in March. In the meantime, Granite City needs to establish some degree of consistency.

In their first game of the tournament against Springfield Southeast, the Warriors were once again bitten by the "We-can't-play-a-better-game" bug.

Granite City led 58-53 with 2:30 remaining in the contest. Southeast called a timeout, and came back on the floor with a tenacious full court press. Fourty-five seconds later the Spartans were ahead 59-58 and went on to win in overtime 68-61.

"THEY" (Southeast) played good defense," Deterding said afterward. "We have trouble with quick teams. We just can't stand the quickness. We have trouble sustaining something. We'd spur out in front, and they'd come back — we just can't sustain a lead."

Gray poured in 28 points in the losing effort.

In Granite City's second game on Friday afternoon against Lincoln, the Warriors did sustain a lead. It wasn't pretty, but Granite City prevailed 67-54.

The reason the victory was only moderately satisfying for the Warriors is because the officials dominated the contest. The zebras blew their whistles 63 times for fouls. Six Lincoln Railsplitters were disqualified with five personals, while Granite City lost two players. But as Deterding put it, a win is a win.

"WHEN THERE are that many fouls called, nobody really looks good, and everybody kind of looks bad. After

last night (Granite City's 68-61 loss), we're just happy to win one."

Lincoln coach Loren Wallace had somewhat stronger feelings about the officiating.

"In all 20 years of coaching, I've never seen anything like this. It was called like a junior high game. The officials said 'this is the way you're gonna play.' They were looking for things to call. But it was Granite City that beat us, not the officials."

GRAY tallied 25 for the contest, while Cant added 14. Senior forward Kurt Hyla chipped in 12.

The Warriors were ousted from the consolation bracket on Saturday morning by Chicago Collins 48-40. According to Deterding, Granite City did everything it wanted to do except put the ball in the basket.

"We handled the ball well. We rebounded well. We stopped their fast breaks," said the Warrior coach. "We did everything else well. We just couldn't shoot."

THE WARRIORS were ice cold from the field. Gray, who is usually deadly from the 16-foot range, was 4-18 from the floor, but he wasn't the only Granite City cager who was frostbitten. As a team, the Warriors shot a horrendous 22 percent, but stayed within striking distance of Collins throughout the game.

In their bid for the consolation championship, Collins was beaten in the finals by Springfield Calvary 47-38.

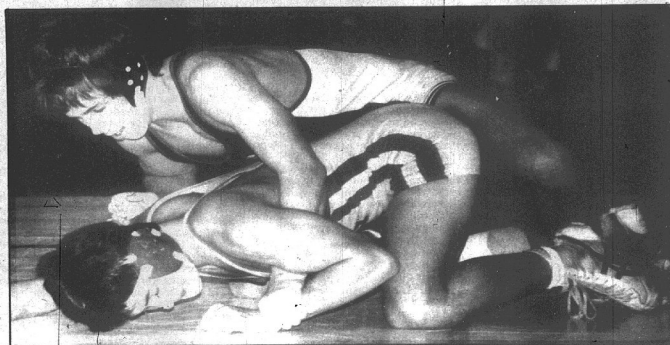

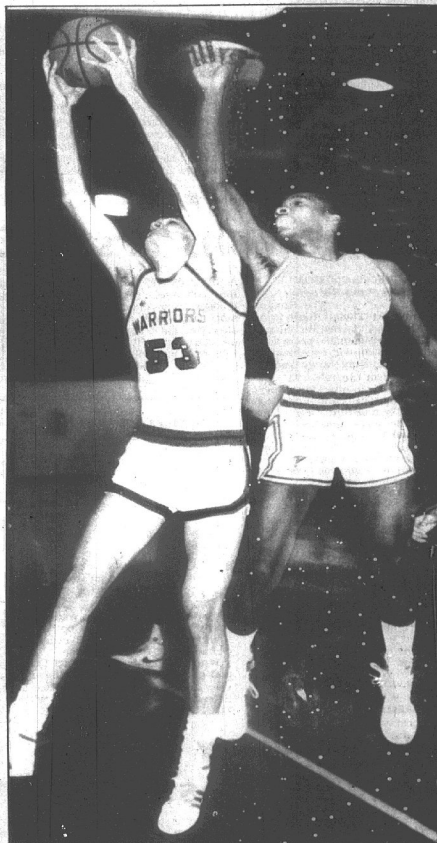

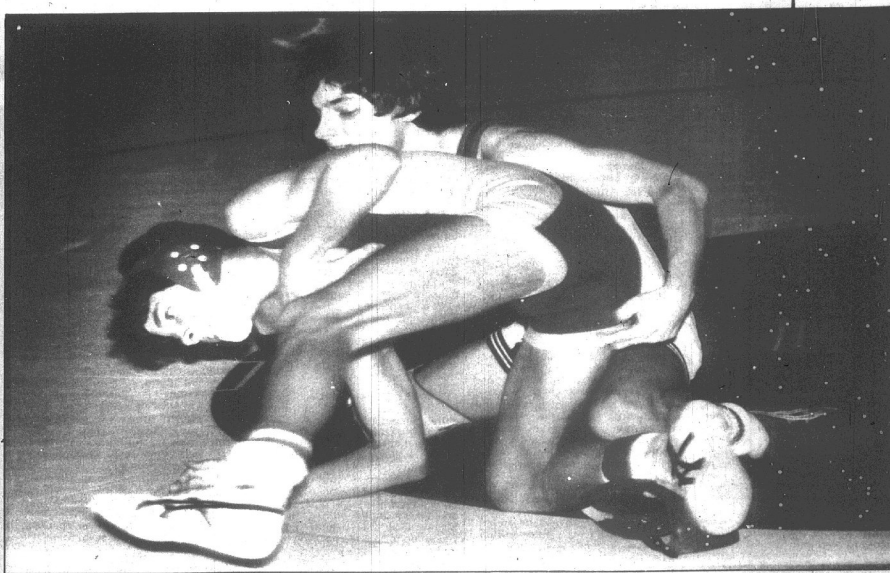

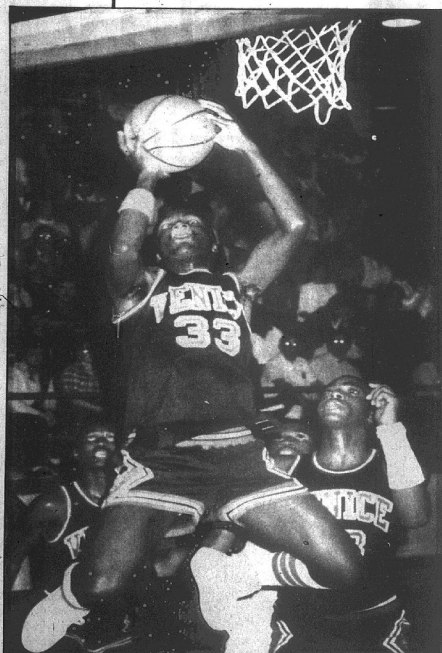

The host Collinsville Hawks worked their purple magic, moving in to the tournament's championship contest against Decatur MacArthur, but lost to the talent-rich Generals 57-51.

MACARTHUR placed three players on the All-Tournament Team, guard Lamont Green, center Floyd Anderson, and the tournament's most valuable player, forward Louis Jones.

AT THE TOURNEYS. Holiday time is tournament time. And, during the weekend, Quad City Area various high school basketball and wrestling teams took part in three tournaments throughout the area. At top left and moving clockwise, Venice's Charles Milton drives in for this bucket against McKinley (St. Louis) High in the Freeburg Tournament. After losing his headgear, Granite City's Jeff Cotter puts the move on Roxana's Don Nelson during their semi-final round bout. Cotter went on to pin the Shell. In the Collinsville Holiday Classic, GCHS' Don Stevanus pulls down this rebound while Chicago-Collins' Rodney Robinson looks on. From the same contest, the Warriors' Jeff Gray drives around a Collins defender during first-half action. Gray was later named to the All-Tournament team. Swinging back to the Holiday Wrestling Tournament, Granite City High's Tom Sparks rides Belleville East's Scott Schmelzer to an eventual win to secure a fifth-place finish in the tournament. In the final photograph, Madison's Eric Jacks and Anthony Valentine battle for a rebound during their second game of the tourney against Chicago-Julian.

Warrior wrestlers to withdraw from matches.

THE RASH of ailments (145-pound Mark Whitaker, sprained knee; 155-pound Mike Fenoglio, shoulder; 125-pound Mike Fenoglio, sprained knee; and 125-pound Gary Mann, ankle) cost the Warriors points.

In addition, the Warriors performed below the standard they had set in entering the tournament undefeated in dual meets.

This was the analysis of Warriors coach Bill "Red" Schmitt. In Schmitt's estimation, a surprise denotes good things. There were no surprises for the Warriors, whose highest finisher was Jeff Cotter. Cotter placed second in the 98-pound weight category.

"NO SURPRISES, only disappointments," said Schmitt, as he paused before the start of the championship round. "A surprise is something that is positive. From that standpoint, we haven't had any."

Schmitt said further, "We just weren't up for it (the tournament), I guess."

Even the Warriors' brightest performer, Cotter, was sorely unhappy with his showing following his 8-3 loss to Carbondale's Eric Walker in what was Granite City's only championship match: finishing the tournament with blood in his eye.

"I'm just going to work harder, three times harder," said Cotter, who had incurred a leg injury the previous night but did not use that as an excuse.

"WE (Walker) wrestled well," Cotter said. "I just went out there too psyched up, too wild."

The Warriors' next highest finisher was 125-pound Brett Carner, who placed fourth, losing the match for third place to Hazelwood Central's Mike Stillman in a close 9-8 verdict.

One of the more disappointed of the Warriors was Tom Sparks, an 8-1 victor over Belleville East's Scott Schmelzer, which earned him fifth place in the 138-pound division.

Sparks bemoaned an earlier bout in which he lost to a wrestler whom Schmelzer had beaten.

"I think it was pretty bad," said Sparks of his performance. But then, he said, "Everybody has a bad tournament, I guess."

OTHER WARRIORS who placed included Chris Greer, who romped past Scott Massie of Belleville East, 11-0, to finish fifth in the heavy-weight division.

Darren Singleton (105), Mann (112) and Darrin Clutts (167) all placed sixth for the Warriors. Singleton lost, 6-3, in overtime to Ritenour's Tom Luther. Mann dropped a 4-0 decision to the Warriors' central's Jim Musgraves and Clutts lost 2-0 to Bloomington's Robert Cox in their respective matches for fifth place.

While the Warriors fell short of their expectations, the Shells excelled in having reached their highest pinnacle: so far, that is.

IN WINNING, the Shells proved their triumph in the regional tournament last year in which they snapped the Warriors' stranglehold of dominance, was no fluke.

"The kids were just absolutely super," said Milazzo. "They wrestled their best."

"It just seems the kids have got the winning attitude," Milazzo said, staring through eyes that were starry. "They've carried it through each year. So far, this is the best it's been. I hope it never stops."

Of the many tributes given Milazzo, perhaps none carried any more significance than that bestowed by the Warriors' Schmitt.

Slimettes begin at park

The Granite City Park District has scheduled its next seven-week session of the Slimettes class to begin on Tuesday, Jan. 8. The popular aerobics (exercise to music) class will meet on Tuesday evenings from 7:30 to 8:30 p.m., Thursday mornings from 9:45 a.m. until 10:45 a.m. and Saturday mornings from 9 a.m. until 10 a.m.

There will be no charge for the program for residents of the Granite City Park District. The fee for non-residents is \$17.50 per seven-week session. Registration will be on the first night of class, one hour before class time.

The registration will be limited to 100 people. Proof of residence must be shown at the time of registration. Lee Suarez will be the instructor.

A **RECOGNIZED** legend in this his 35th year, Schmitt picked his way through the bedlam that was the Shells' victory celebration, and conferred his hand to Milazzo in congratulations.

"(Winning) without a champion. That indicates balance," said Schmitt. Milazzo's smile widened, as the white-haired coaching master walked away from earshot. "Schmitt is the best," Milazzo said. "There is none better than him. Just look at his record."

"Always, you thought," Milazzo said, "how can anybody beat Granite? They have always had so much going for them. You think you'd have a good team. You'd wrestle Granite and you wouldn't even come close."

OF THE 15 coaches in the field besides Schmitt, Milazzo was one of nine who didn't previously wrestle at Granite City.

Milazzo admitted Roxana, and was a good wrestler. In the euphoria that was the Shells' victory party, the 44-year-old Milazzo turned the clock back to 1967. He qualified for the state tournament in the 132-pound weight class. He had to settle for second place in the regional and sectional tournaments, however. Both times he lost to a wrestler from Granite City. He was a good one, though, Milazzo remembers him finishing second in the state tournament that year.

GARY OXFORD, wrestling coach at Hazelwood Central and one of Schmitt's former wrestlers, voiced a strong praise for Roxana. Taking in the final results in a last look at the scoreboard, Oxford said, "This Roxana team is as good as any of the previous champions. They're tough. They really are."

"This is the best team Roxana has had," Oxford said. "This is the best team we've ever had. They beat us."

"We're starting to build a tradition. Just like Granite City has had all these years," Milazzo said. "We finally caught up a little bit."

MacArthur.

IN JULIAN, the Trojans faced a team that plays with the same style that Madison does, an aggressive, swarming defense and a running offense. The Jaguars' full-court man-to-man pressure and their half-court trap caused problems for the Trojans' offense, while Julian's ability to go inside for high percentage shots, kept Madison at a 15 point deficit for most of the second half.

"They (Julian) did a good job offensively," Watson said. "They shot well from the 10-12 foot range, and they took better care of the ball. They're bigger, stronger and just as quick as we are, and they took advantage of those things."

The Warriors return to the hardwood Friday night when they invade Collinsville to take on the Kahoks. Tipoff is at 6:30.

Mank-Harding Chapter visits Laclede's Landing

The engagement of Miss Donna M. Mank and John J. Harding is being announced by the bride-elect's parents, Mr. and Mrs. Clayton J. Harrison, 2902 Sunset Drive.

Parents of the prospective groom, Mr. and Mrs. Joseph Harding, reside at 4004 Watash Ave. Miss Mank graduated in 1980 from Granite City High School South and attended Southern Illinois University at Edwardsville. She is now employed at K-Mart Store.

Her fiancé works as a sales representative for Trucker's Supply in Granite City. He graduated in 1974 from Granite City High School North and in 1976 from Belleville Area College.

They plan to be married in July.

First-born daughter named Kristin Nicole

Mr. and Mrs. Tim (Diana) Simmons of Venice are announcing the birth of their first child, Kristin Nicole, who was born Tuesday, Dec. 18, at Oliver C. Anderson Hospital, Maryville. She weighed 7 pounds, 3 ounces at birth.

Grandparents include Mr. and Mrs. Irving (Maxine) Simmons of Madison and Joy and Shirley Pennebaker of Venice.

DAR hears Rev. Scott play dulcimer

The December meeting of Drusilla Andrews Chapter of the National Society of the Daughters of the American Revolution was held in the home of Sandra Wilkinson, regent.

The meeting was opened by Barbara Williams who read "The Christmas Prayer." Mrs. Wilkinson, assisted by Linda Koenig, conducted an installation ceremony for new member Joyce Taff.

Emma Schoen was elected as delegate to attend the Illinois State Conference in March, and Nancy Emahiser and alternate Marg Hiker were elected to attend the April Continental Congress in Washington, D.C.

Each member brought a family heirloom to share with the group, many being linked to a family member of their Revolutionary War ancestry, passed down a number of generations.

The program was presented by

Nu Zeta reviews holiday programs

Members of Nu Zeta Chapter of Beta Sigma Phi Sorority, were busy during November and December with various projects and programs, and reviewed the events at a meeting held in the home of the president.

The group took part in five Christmas bazaars where handmade craft items were sold and proceeds used to fill Thanksgiving and Christmas baskets which were distributed during the holidays.

In conjunction with an ongoing service project, for the chapter adopted senior citizen, the group celebrated her 84th birthday with her and friends on Oct. 30.

The annual Christmas party and gift exchange for the chapter was held in the home of Rhonda Dooley with Santa Claus arriving to distribute member's rose buddies gifts revealing the names of secret pals.

Each husband was given a gift in appreciation of their efforts in assisting with various projects throughout the year.

The Ritual of Jewels ceremony

The Rev. Dale Scott, interim minister of Central Christian Church, when a high school student in Northern Missouri, Rev. Scott had been a recipient of the DAR Good Citizen Award. He played an Appalachian, or mountain dulcimer, native to the U.S. The dulcimer, meaning "sweet sound," evolved from a number of European varieties dating back several centuries and belonging to the zither family of instruments. Rev. Scott's is a wooden hour glass shape and the four melodic strings are stopped by pressing them against the frets. The drone-like accompaniment is similar to the sound of Scottish bagpipes.

The group sang several Christmas songs. Others attending were Mae McCormick, Millie McCormick, Jane Vanesler, Alline Patterson, Georgia Engleke, Ethel Beeler, Florence Simpson, Ella Ray Smith, and guest Marjorie Scott.

was also held for initiation of new members, Judy Wassen, Nancy Ulakey and Dotti Lee.

Later in the evening all enjoyed a pollock dinner. Attending were, Debra and Bryan Kelley, Rhonda and Garry Dooley, Marcy and Rich Johnson, Betty and Lee Thomas, Dotti and Paul Lee, Deborah and Ken Gaultney, Nancy and John Ulakey, Cheryl Barton and Judy Wassen.

The December session was hosted by Judy Wassen in her home at which time a cookie exchange was conducted. Rose Buddies for 1985 were drawn and will be revealed at the December 1985 meeting, the president noted.

A superbowl party is scheduled in January at the home of Cheryl Barton, she added.

Women's Division meeting is set

The general membership meeting of the Women's Division of the Tri-Cities Area Chamber of Commerce, will be at the First Season's Restaurant, 5240 Nameoki Road, on Thursday, Jan. 10, according to Jacques DeWitt, president.

Reservations costing \$12 per person, are now being accepted by calling the Chamber office at 876-6400 until Monday, Jan. 7. Reservations cancelled after this date must be paid for, the president noted.

Dinner will be served promptly at 6:30 p.m. to be followed by a business meeting.

Betty Miles, will present a program on "Physic Phenomenon" after the dinner hour, Mrs. DeWitt added.

Mr. and Mrs. Wilbert Arbogast

Mr., Mrs. Wilbert Arbogast to mark 55th anniversary

Mr. and Mrs. Wilbert Arbogast, of Granite City, will celebrate their 55th wedding anniversary at their home, today.

They were married on Dec. 31, 1929 in the parsonage of St. Peter Evangelical United Church of Christ.

Mr. Arbogast was born in Mascoutah Township and his wife, the former Edith Ragan, is a native of St. Louis.

They made their home in Granite City for many years with the exception of 14 years they lived in Taccoa, Ga.

Mr. Arbogast worked at Granite City Steel for 23 years and retired

there in 1970. His wife was an employee of National Enameling and Stamping Works until she retired.

They are the parents of three sons, Larry Arbogast of Ballwin, Mo., Melvin Arbogast of Florida, and Robert Arbogast of Toccoa, Ga. The honorees also have three grandchildren.

Christmas dinner of Harmony Class

Members of the Harmony Sunday School Class of Niedringhaus Methodist Church traveled by bus to Romine's Restaurant in St. Louis, for a Christmas dinner party, last week.

The 44 members and guests were seated around gaily decorated tables as John Lerch gave the invocation. Games were enjoyed and after dinner appropriate prizes were awarded to the winners.

The evening ended with all singing "Silent Night," before they returned home.

Q: I am in the armed forces and I can usually count on moving about every three years. This has been the situation for the past seven years, and I'm probably faced with this until I retire. One of the things which does not follow me is my credit file, which I've established each place I've been stationed. Is there any way to reduce the waiting time to establish credit?

A: Delays of this sort are not uncommon. One good way to speed the process of establishing credit is to contact the credit bureau in your new town before you move. Include your current address, birth date, Social Security number and your signature. Request that the new bureau obtain your records from the old bureau. There may be a small fee for this service. You may also ask your current credit bureau for a summary of your credit history which you can take to the new bureau. There may also be a fee here. Although this may be necessary in moves from one small town to another, a move from one large city to another should entail an automatic transfer of your credit record.

High Twelve holds installation

The George Washington High Twelve Club 539 of Granite City, held its annual Christmas party and installation of officers at Roustio's Restaurant in Collinsville.

After a short program hosted by the outgoing president John Kells of Washington Park, thanked his officers, committees and especially his wife, Tille, their help to him throughout the past year. Kells then turned the gavel over to the installing officer Alfred J. Kroencke, first vice president of the Illinois Association and installing marshal Melvin D. Satterfield, past president 1977 Illinois Association and past international president 1982/83 for the purpose of installing the 1985 officers.

Officers installed for the new year are as follow: president, Leonard Miller; first vice president, Ellis

Hackney Jr., second vice president, Richard Stallard; third vice president, Irvin C. Slate Sr., treasurer, Roy Barney; Masonic rep., Ken Anderson, all of Granite City; secretary, Curtis Bosworth; Madison; sergeant-at-arms, John McGee, Granite City; chaplain, Gary Elwick Sr., Collinsville; and Board of Directors: one year, Earl Benoit, Granite City; two years, Samuel Vaughn, Belleville; three years, Ed Summers, Granite City; four years, Ray Cramer, Madison; five years, John Kells.

Newly installed president Miller then explained his calendar for the new year in which he stated that the "Ladies Night" will be held on the second Friday of the month, business meeting on the third Saturday of the month, and executive

board meetings will be as called. He has set aside the April 12th ladies night to honor the local Masonic youth groups, and he has asked that all members work hard to support the club and officers in 1985.

The purpose of the local club is to support the DeMolay Chapter and Jobs Daughters Bethel in Granite City and the Wolcott Foundation, Inc. scholarship fund. The George Washington Club is composed of Masons from eleven (11) Masonic Lodges from the surrounding area. High Twelve can be best explained as "A Family of Masons."

Those interested in working with the local club may contact the club president or secretary.

At the close of the evening junior-past-president Kells presided over the drawing of numbers for the gift exchange.

Eagles Aerie attends district meeting

A meeting of Illinois District 7 Fraternal Order of Eagle was hosted by Shiloh Aerie 545, with Bob Stanton, president, (Granite Aerie 1128) presiding over the session.

The meeting opened with the members reciting the Pledge of Allegiance to the American Flag led by conductor, Harold R. Love (Granite), who also gave the presentation of the Bible and Eagle Emblem.

The opening prayer was given by Guido Gasperin (Collinsville Aerie 1051), chaplain, and reports were given by Carl Buehler (Granite) - secretary, Ellis Wiseman (Shiloh) - treasurer, and Virgil Gibson (Collinsville) - trustee.

Stanton introduced the Illinois state officers and zone chairman which included: Charles (Rabbit) Landried - Illinois outside guard (Shiloh), W. A. (Red) McCawley - past national grand worthy president (Shiloh), Carl Buehler - Illinois Zone 3 chairman of the Golden Eagle Fund, and Jim Whirlidge - past Illinois Zone 3 vice president (Shiloh). It was also noted that Stanton is an Illinois F.O.E. state trustee this year.

Stanton stated that Felix Yost (Alton Aerie 2541) past Illinois state president, last years Illinois state chairman of the Golden Eagle and REAC Funds, and this years central United States and Canada regional chairman of the Golden Eagle Fund, is still in serious condition but has been allowed to come home from the hospital.

Ellis Wiseman gave a report on the Eagles District 7 Charity Fund turkey shoot that was recently held at Shiloh Aerie 545.

W. A. (Red) McCawley then announced that there were two men ready to be initiated into the Shiloh Aerie and four men to be initiated into Belleville Aerie 743. Members of the initiating (ritual) team included: Ellis Wiseman - president, Wilbert (Bill) Hemken - vice president (Granite), Guido Gasperin - chaplain, Harold Love - past president, Bob Stanton - conductor, and Jim Whirlidge - inside guard.

REPORTS BEATING

A South Roxana woman told police at 11:15 p.m. Monday that she was battered about the face and head, knocked down and kicked in the back while visiting at a Granite City residence. She requested an ambulance and was taken to St. Elizabeth Medical Center for treatment. The incident is under investigation.

Circuit court gaining on large law cases

Madison County Circuit Court Clerk Willard V. "Butch" Portell reports that November was "productive" month, and there was a gain of approximately 500 cases in the Madison County.

During November, he notes in his report to the Supreme Court Administrator's Office, 4,443 cases were filed and 4,942 were terminated by the court.

The main gain of currency was in the Small Claims Division, where we had several clean-up dockets and disposed of quite a few cases," Portell commented. "There was also a considerable gain in large law cases, where 29 were filed, 35 were reinstated and 55 terminated. In these large law cases we are almost current. All other cases remain stable, with the exception of tax objections where 120 were filed and only 13 terminated."

Following are the numbers of each major type of case filed, terminated and pending at the end of November.

Cases	Filed	Terminated	Pending
Law cases seeking more than \$15,000			
Jury	29	55	1783
Non-jury	41	13	571
Law cases seeking \$1,000 to \$15,000			
Jury	1	8	292
Non-jury	52	36	529
Other cases			
Chancery	26	151	372
Miscellaneous Remedy	17	218	277
Eminent Domain	0	18	50
Tax Objections	120	13	1368
Mental Health	26	39	3
Divorce	128	125	1091
Family	45	68	2308
Juvenile	49	25	370
Felony	53	42	286
Misdemeanor	383	442	3502
Small Claims	344	752	2355
Totals	1,424	2,007	15,157

In the traffic division, 2,623 new cases were filed during November, and 2,491 were terminated, the report shows.

Of the 57 felony cases heard during the month, 25 were convicted of felonies, three were dismissed or transferred on a motion of the defendant, 13 were dismissed or consolidated and 15 were reduced on a motion for a misdemeanor or a plea was negotiated.

Guilty pleas during November included one for a Class One felony, five for Class Two felonies, eight for Class Three felonies and nine for Class Four felonies, with one Class X felon and one Class Four felon convicted by a jury.

Felony sentences during the month included 11 persons sent to prisons, six receiving probation with periodic imprisonment and eight receiving probations or conditional discharges with other conditions.

THE LAW AND YOU

BY RICK REED
Attorney At Law

When a child is born out of wedlock the question often arises as to what rights the father has. It first has to be determined whether or not the father's name appears on the birth certificate. If the father's name appears nowhere on the birth certificate, then in the eyes of the law the man is not recognized as the father of the child. However, this does not mean that he will forever be barred from acknowledging paternity.

One situation which frequently arises involves the alleged father who fails to support the child. Frequently women come to this office seeking child support from the man they claim is the father of their child. The only way to bring about an obligation to support the child is for the mother to bring a paternity suit.

Eventually, if this is contested, a hearing will be held at which time a judge will decide from all of the evidence whether or not the man is the father of the child and how much child support he should be required to pay.

Until the mother takes the time and the effort to go to Court, the father will be under no obligation to provide support. It should be realized that if the Court finds that a man is the

father and that he should provide support, more than likely the father will also be granted visitation. This is something women often fail to realize when they return to Court in a paternity suit.

In other instances, the alleged father comes to this office seeking to enforce his rights. In this situation the father usually is not being given the opportunity to visit the child and he wants to go to Court to have his rights defined. The father can go to Court and acknowledge paternity and thereby be granted reasonable visitation.

Recently a woman with a four year old child came to this office seeking child support. She was never married to the child's father, and he had provided support only sporadically over the years. She was working only part time and was barely getting by on a limited income. She was advised that she could return to Court and have the father ordered to pay child support. She elected not to proceed on this basis, however, when she was informed that he would also be granted visitation when she brought him back to Court. She did not want her child to have regular contact with the father.

the U.S. Department of
Housing and Urban
Development (HUD),
under Title I of the Hou-
sing and Community De-
velopment Act of 1974,
as amended. Madison
County is certifying to
HUD that Madison County
and Nelson Hagnauer, in
his official capacity as
Chairman, County Board,
consents to accept the
jurisdiction of the Federal
Courts if an action is
brought to enforce re-
sponsibilities in relation to
environmental reviews,
decision-making, and ac-
tion; and that the re-
sponsibilities have been
satisfied. The legal effect
of the certification is that
upon its approval
Madison County may use
the Block Grant funds, and
HUD will have satisfied its
responsibilities under the
National Environmental
Policy Act of 1969.

No further environmen-
tal review of the above
projects is proposed to be
conducted. Madison County
will be accepting com-
ments upon the request
for release of funds is
made. Comments may be
submitted to the Com-
munity Development Of-
fice, 130 Hillsboro Avenue,
Edwardsville, Illinois.

HUD will accept an ob-
jection to its approval of
the release of funds and
acceptance of the cer-
tification only if it is one
of the following bases: (a)
that the certification was
not in fact executed by the
chief executive officer of
the applicant; or (b) that
the applicant's environ-
mental review record for the project
indicates omission of re-
quired decision, finding or
step applicable to the pro-
ject in the environmental
review process. Objec-
tions must be prepared
and submitted in ac-
cordance with

the procedure in 24 CFR
Part 58, and may be ad-
dressed to HUD at 547
West Jackson Boulevard,
Chicago, IL 60606. Objec-
tions to the release of
funds on bases other than
those stated above will not
be considered by HUD. No
objections received after
15 days from the receipt of
this request for HUD will
be considered by HUD.

**Grants to
help jobless
veterans**Undersecretary of
Labor Ford B. Ford has
announced that grants
totaling \$1,043,981 have
been distributed to 14
states, including Illinois
for Madison County, to
help unemployed veterans
through programs pro-
viding education, counsel-
ing, on-the-job training
and job placement ser-
vices.

Ford said \$148,143 will
be awarded to the Madison
County Board for training,
job development and
placement of unemployed
veterans. The funds are
made available under Title
IV-C of the Job Training
Partnership Act.

"As our nation continues
to reap the benefits of a
stronger and more stable
economy, we must com-
mit ourselves to ending
the tragically high rate of
unemployment among
veterans," Ford com-
mented.

"We are working closely
with state and local
organizations to develop
effective ways to cope
with the problem. We want
to see to it that veterans
without jobs receive the
training and place-
ment services they need."

Goal of the Job Training
Partnership Act, which
became effective Oct. 1,
1983, is to move trainees
into permanent, self-
sustaining employment.

Title IV-C established a
special employment and
training program for
service-connected disabil-
ed veterans, veterans of
the Vietnam war and
veterans' re-entry from
military service.

The program is ad-
ministered by the U.S.
Labor Department's
Veterans' Employment
and Training Service.

Eighty percent of the
funds available under Title
IV-C have been allo-
cated to state and local
agencies on a matching-
fund basis.

FARM SURVIVAL IN
THE 1980s IS TOPIC
OF A PROGRAM ON "Farm
Family Decision-Making
For Profit and Survival in
the 80's" will be conducted
Jan. 10 and 11 at
Augustine's Restaurant in
Belleville.

In order to survive in the
1980s, farm families need
to define values, long term
goals and understand the
decision-making process.
They need to know how to
measure past, present and
future financial perfor-
mance. They also need to
look at the transfer and
preservation of the family
farm.

Topics to be covered on
the program include
"developing a financial
framework," "developing
a family farm," "invest-
ment analysis," "farm
family decision-making,"
and other topics.

The enrollment fee is \$20
per couple, which may be
sent to: Raymond Har-
dison, St. Clair County
Extension Adviser, 116 S.
Charles, Box 331,
Belleville, Ill. 62222.

Worthen was very agitated
with the situation and said,
"With the numerous meetings this
board had with contractors, ar-
chitects and other knowledgeable
people in relation to building a new pool
or repairing the current facility we
(the board) and President George
Sykes in particular gave the public
an honest statement of the cost fac-
tors and needs before the meeting this
was presented at the election.

I really feel this board looks bad
right now and we were completely
honest with the public and I for one
don't like this situation."

President Sykes addressed the
board at this point and said,
"The board has two ways to go now
repair the pool or if it becomes too
expensive in cost then the pool may
not be opened this year. I am really
concerned with the seepage of the
water and the safety of the pool.

ELKS' ENTRY in this year's Rose Parade in Pasadena, Calif., on New Year's Day is based on the theme, "Down's Early Light," and salutes America's veterans. It recreated in flowers the flames flag raising on two Jinn Feb. 23, 1945. The float is 50 feet long and 18 feet wide and the flag will soar 27 feet in the air when unfurled.

Course studies farm profit tipsBy DUANE P. FREDERICKING
Extension Adviser

Why do cattle sell for \$65 rather
than \$100 per hundredweight? Why
did soybean prices decline \$3 per
bushel in 1984? What effect do
livestock prices have on grain
prices?

These questions and related ones
will be addressed by Darrel Good,
University of Illinois agricultural
economist, in a new marketing
course entitled "Improved
Marketing - Getting More for Your
Crops and Livestock" offered
through the University of Illinois
Cooperative Extension Service
beginning Jan. 30.

Good, along with U of I Extension
agricultural economist Royce Hin-
ton and Purdue University
agricultural economist William
Thrill, will help area producers
determine which factors influence
market prices for grain and
livestock, where to find the infor-
mation they need and how to analyze it
to improve profits.

"We hope to take the mystem out
of commodity market prices," Good
explained. "And help farmers
search out and analyze the infor-
mation they need to sell when it's most
profitable."

In addition to fundamental market
analysis, the course will offer in-
formation on charting to help pro-
ducers identify buy/sell signals.
Course sessions also will cover grain
and livestock marketing alterna-
tives, including agricultural op-
portunities which recently became
available to farmers.

"After this course, producers will
be better able to recognize price
trends and take advantage of them,"
Good said.

Area producers and persons in-
volved with agribusiness may
register for the eight-session course

to be held from 1:30 to 3:30 p.m.
on Wednesdays, Jan. 30, Feb. 6, 13, 20
and 27 and March 6, 13, and 20 at the
Madison County Extension Office,
Edwardsville. The course will be of-
fered via TeleNet, a dedicated
teleconferencing system that links
country Extension offices
throughout the state with each other
and the U of I campus at Urbana-
Champaign.

A registration fee of \$25 per person
or \$35 per couple will cover
reference materials and
worksheets. Participants are being
asked to send it to the Madison County
Extension Office before Jan. 4.

According to Fredericking, the first
four sessions of the workshop are
designed to help producers better
understand how grain and livestock
prices are determined and improve
their forecasting abilities. Funda-
mentals of supply and demand for
livestock and grain and technical
analysis of agricultural prices will
be studied.

"During the final four workshop
sessions, participants will evaluate
their grain marketing and storage
alternatives, including cash sales,
contracts, hedging, basis contracts,
futures, and options," the
adviser said.

Participants also will study the
basics of constructing a marketing
plan for their operation.

According to Fredericking, partici-
pant with little or no experience in
agricultural marketing will benefit.
But those familiar with technical
analysis and with the variety of pricing
alternatives should find the
workshops particularly useful.

Some knowledge of the
futures market also would be useful
but is not necessary."

A breakdown of session titles, by
date, follows:

Jan. 30, fundamentals of supply
and demand for livestock.

Feb. 6, fundamentals of supply
and demand for grain.

Feb. 13, the mechanics of
technical price analysis.

Feb. 20, application of technical
price analysis principles.

Feb. 27, developing a marketing
plan, including cost of production,
cash flow, risk and discipline.

March 6, basics of marketing,
including terminology, mechanics of
futures markets, basis and options.

March 13, alternatives for sell-
ing grain, including cash, contracts,
hedging, hedged-to-arrive and op-
tions.

March 20, alternatives for grain
storage, including buying futures,
basis contracts, delayed pricing and
options.

"Improved Marketing - Getting
More for Your Crops and Livestock"
is part of the U of I Extension "Bet-
ter Managers Manage Better" pro-
gram, which includes the following
courses:

"Analyzing the financial
strength of your farm business," set
for 10 a.m. to noon Jan. 29 and 31 and
Feb. 5, 7, 12, and 14 via TeleNet. U
of I agricultural economists David
Lins and Thomas Frey will head the
list of presenters.

"Farm Family Decision-
making," scheduled in six locations
throughout the state in December
and January. Presenters will in-
clude U of I agricultural economists
C. A. Bock, Frey, Lins and Jerry
Robinson. U of I Extension rural
sociology specialist, Participant
will learn how to use practical tools,
such as balance sheets, plus ex-
amine family values related to in-
vestment and trust or will decisions.

Additional details on the "Better
Managers Manage Better" pro-
grams are available from the
Madison County Extension Office.

**Automated payroll for
park district discussed**By DONNA KIMBRO
of the Press-Record

Granite City Park District com-
missioners agreed last week to re-
activate the idea of establishing a
union payroll and to invite
representatives of companies in-
volved in this procedure to attend an
informal meeting on Jan. 14 at 6 p.m.

Barry Loman suggested the board
entertain the idea thereby relieving
the secretary (Frank Rea) of this
task and utilize his time for other
duties.

A second speaker can be schedu-
led for 8 p.m. on the same night and
give the board a diversified plan to
select if the board agrees, Loman
explained.

John "Jeff" Worthen questioned
the statement David Nolan, director
of parks and recreation, released to
another newspaper, that the board
could repair the swimming pool for
\$4,000 and be ready to open for the
1985 summer season.

Nolan responded, "I did talk to a
reporter and he took my statement
out of context. I know the repairs
cannot be completed for that amount
of money and I tried to list the prob-
lems facing the park board before
the pool can be ready for use."

Worthen was very agitated
with the situation and said,
"With the numerous meetings this
board had with contractors, ar-
chitects and other knowledgeable
people in relation to building a new pool
or repairing the current facility we
(the board) and President George
Sykes in particular gave the public
an honest statement of the cost fac-
tors and needs before the meeting this
was presented at the election.

I really feel this board looks bad
right now and we were completely
honest with the public and I for one
don't like this situation."

President Sykes addressed the
board at this point and said,
"The board has two ways to go now
repair the pool or if it becomes too
expensive in cost then the pool may
not be opened this year. I am really
concerned with the seepage of the
water and the safety of the pool.

All board members agreed the
district would have approximately
\$40,000 for various projects this
year. With this in mind they asked
Nancy Sanders, of the engineering
committee, to compile a list of
priorities for consideration at the
next meeting.

Sykes informed the board that in
his opinion the board will have to
begin discussing the needed ex-
penditures at the next meeting to be
ready for the spring work projects.

Another bone of contention ap-
parently is hiring an umpire associa-
tion who will provide umpires at
each game that is scheduled by the
park district.

Some months ago the board asked
Ray Hoffman to attend a meeting for
the purpose of forming a local um-
pire association, that he would
provide umpires at
park district ball games.

The advantage to the park district
would be that they would not have to
handle the payroll (this would be
Hoffman's duty) and the park district
would release the park district from
liability insurance, workmen's com-
pensation, and unemployment in-
surance.

If the anticipated program is ap-
proved by the park board, there
would be one check written each
month for umpire salaries which
would be sent to Hoffman for
distribution.

Commissioner Jack Hood voiced
his objection to the entire plan and
explained, "I do not want to see this
board give up control of anyone who
is working for us, and I think we are
still responsible for some insurance
and liability with the umpires, even
if they are under contract with an
umpire association."

The board went into closed session
at this point for further discussion
of the umpire association plan. When
the open meeting recommenced, a vote
was taken to decide whether to con-
tinue with the plan. A four to one
vote resulted, with Hood casting the
only "no" vote.

In preparation for the forth-
coming season, the board at-
torney, Randall Robertson, said he
